Professional Summary

Senior Design Engineer specializing in designing and building digital products where user experience and engineering work seamlessly together. I partner with product, design, and engineering teams to turn ideas into scalable, intuitive, and production-ready experiences, combining product thinking with modern frontend development and design systems.

Career Highlights

- 13+ years of experience
- 100+ websites delivered
- 20+ applications
- Leadership, mentoring and technical decisions
- Design Systems from scratch
- Design-to-code workflows
- Enterprise, SaaS, e-commerce and marketing platforms

Core Expertise

- **Product:** UX Strategy, Research, IA, Interaction Design, Product Thinking
- **Frontend:** React, Next.js, Angular, React Native, TypeScript, JavaScript
- **Engineering:** Storybook, Component Libraries, Design Tokens, WCAG, Core Web Vitals, CI/CD
- **Platforms:** WordPress, Shopify, Headless CMS, Supabase, Vercel
- **AI:** ChatGPT, Claude, Cursor, GitHub Copilot, Lovable, Bolt, Windsurf, v0, Replit, Antigravity

Professional Experience

Devbloom - Senior Design Engineer (Sep 2025 – Present)

- Lead the end-to-end design and development of scalable digital products, translating business requirements into intuitive, production-ready experiences.
- Design and implement Design Systems, reusable component libraries, and modern frontend architectures that improve consistency, maintainability, and collaboration.
- Transform complex user flows into accessible, responsive interfaces using modern frontend technologies and design-to-code workflows.
- Partner with product managers, designers, and engineers to align user needs, business goals, and technical feasibility throughout the product lifecycle.
- Accelerate product delivery through AI-assisted workflows, performance optimization, and continuous frontend improvements.

Tech: React, Next.js, TypeScript, PHP, Tailwind CSS, Figma, Storybook, Git, CI/CD, Claude, Antigravity

Tiendapp - Lead Design UI-UX and Frontend Developer (Oct 2022 – Sep 2025)

- Led the design and development of web and mobile products, translating business requirements into intuitive user experiences and scalable frontend solutions.
- Designed, implemented, and evolved Design Systems, improving consistency, reusability, and collaboration between design and engineering teams.
- Built responsive interfaces that ensured accessibility, performance, and pixel-perfect implementation across platforms.
- Mentored designers and frontend developers, establishing best practices for UX, component architecture, and implementation quality.
- Collaborated with stakeholders to validate product decisions, prioritize initiatives, and continuously improve user experience across multiple digital platforms.

Tech: React, React Native, TypeScript, JavaScript, HTML5, CSS3, SCSS, Figma, Storybook, Design Systems, CRM, ERP, Analytics, Git

Alpina / Julius Connected 2 Grow - Lead Frontend Engineer & UI Designer (Mar 2020 – Feb 2022)

- Designed and developed digital experiences for enterprise brands, transforming marketing and business objectives into scalable, user-centered interfaces.
- Created wireframes, user flows, and responsive frontend solutions that balanced usability, brand consistency, and technical performance.
- Collaborated with multidisciplinary teams to deliver landing pages, websites, and e-mail campaign experiences optimized for accessibility, performance, and conversion.
- Integrated analytics and user insights to support continuous optimization and data-informed design decisions.

Tech: HTML5, CSS3, JavaScript, PHP, CMS, Adobe XD, Google Analytics, SEO, Email Marketing

Sproutcloud - Frontend Developer (Apr 2019 – Oct 2019)

- Developed responsive websites and landing pages, translating marketing requirements into user-friendly digital experiences.
- Collaborated with designers and cross-functional teams to deliver accessible, responsive interfaces aligned with brand guidelines.
- Improved website performance through frontend optimization, quality assurance, and structured testing processes.
- Maintained and enhanced CMS-based platforms while supporting continuous feature delivery in Agile environments.

Tech: HTML5, CSS3, JavaScript, CMS, Responsive Design, QA, Performance Optimization

Samsung - Web Content Specialist (Apr 2018 – Apr 2019)

- Optimized digital commerce experiences by combining content strategy, UX improvements, and frontend implementation across multiple retail channels.
- Enhanced product pages and customer journeys, ensuring consistency, usability, and alignment with product launch strategies.
- Coordinated design, marketing, and technical teams to deliver high-quality digital experiences while maintaining content governance.
- Leveraged analytics and performance insights to continuously improve customer experience and digital engagement.

Tech: HTML5, CSS3, CMS, E-commerce, Adobe Experience Manager, Analytics, Content Strategy

ITA LATAM / El Colombiano - Lead Frontend Engineer & UI Designer (Feb 2015 – Sep 2018)

- Led the design and development of websites, e-commerce platforms, and digital experiences for clients across multiple industries.
- Designed user journeys, wireframes, and interfaces before translating them into responsive, production-ready frontend solutions.
- Implemented Design Systems, performance optimization, and scalable frontend practices to improve usability and long-term maintainability.
- Worked directly with clients and multidisciplinary teams to transform business needs into functional digital products.
- Contributed to technical planning, frontend architecture, and implementation standards across multiple simultaneous projects.

Tech: WordPress, Shopify, PHP, JavaScript, HTML5, CSS3, jQuery, Bootstrap, Figma, Adobe XD, Photoshop, Illustrator, SEO, Google Analytics

Miguelo Romano & Linkapedia - Frontend Developer and Graphic Designer (Sep 2013 – Sep 2014)

- Designed and developed responsive interfaces for e-commerce platforms, websites, and digital marketing initiatives.
- Built reusable UI components that improved visual consistency and streamlined frontend implementation.
- Collaborated with design and development teams to deliver integrated branding, user experience, and frontend solutions.
- Supported digital campaigns from visual concept to implementation, ensuring responsive and user-centered experiences.

Tech: HTML5, CSS3, JavaScript, jQuery, CMS, UI Design, Responsive Design, Photoshop, Illustrator

GEA Colombia & Cordesarrollo - Graphic & Digital Designer (Apr 2013 –Sept 2014)

- Designed editorial, branding, and digital assets that strengthened visual communication across print and digital channels.
- Created web-ready visual resources while supporting the development of early digital experiences.
- Collaborated with multidisciplinary teams to deliver consistent visual solutions aligned with communication objectives.

Tech: Photoshop, Illustrator, InDesign, Premiere Pro, Branding, Editorial Design, Digital Design

Yuxi Global - Epub Developer (Dec 2012 – Apr 2013)

- Developed interactive digital publications optimized for responsive viewing across multiple devices.
- Collaborated on frontend implementation, testing, and quality assurance to ensure consistent user experiences.
- Supported performance optimization and cross-platform compatibility for digital publishing projects.

Tech: HTML, CSS, JavaScript, EPUB, Responsive Design, Cross-browser Testing, QA
